TSPLUS MOBILE APP

CONNECTING THE WORLD

Working in the cloud... wherever you are, whenever you want.

With the TS*plus* Remote Desktop app, your Windows Applications are available anywhere in real time. All you need is an internet connection.

The App can build up any number of connections simultaneously to different sites and servers. With just one click, you are connected to the server in New York; with another click, you start your CRM app in Los Angeles.

TS*plus* Apps are available for all major operating systems as web or native apps.

✓ After a quick download, your devices are ready for use within a few minutes.

✓ Easily print any document and photo you need on the nearest local printer.

✓ Use TS*plus* 2FA to secure your web server

From smartphone...

Mobility = Success

All end devices are compatible with the same unlimited functionality for the same operations!

To workstation...

The TS*plus* App is free and has 2 pre-requisites:

● The host site must be a TS*plus* Mobile Web or Enterprise system.

● The 11.30 or newer release must be installed on this host: Download the latest version.
